2017/8 Network Activities

Coordinate and Communication

- Taiwan Network facilitates members to implement Global Standards and certificates members' performance every 4 years.
- Coordination with Taiwan HPH Network to incorporate the certifications of tobacco-free hospitals and health-promoting hospitals since 2017. There were over 90 hospitals certificated in 2017 and 2018.
- Building communication networks among hospitals, clinics and pharmacies to systematically identify, advice and refer smokers (including e-cigarette users) to cessation services.

Sharing and Learning Activities

- Holding the 9th Cross-Strait Conference on Tobacco Control on 3rd – 5th September, 2017 to share the performance and experience of tobacco control in Taiwan, China, Hong Kong, and Macao.
- Participation in the 17th World Conference of Tobacco or Health in Cape Town, South Africa.
- There were 4 hospitals attending the Gold Forum 2018 in Bologna, Italy.
- Local forum for hospitals to share best practices.

Advocate and Collaborate

- Collaboration with Taiwan Medical Alliance for the Control of Tobacco to launch the GLOBALink program, which collected international news and knowledges about tobacco control and translated them into Chinese for tobacco control colleagues in Taiwan.
- Participation in regular Global Network board meetings.
