2017/8 Network Activities

Coordinate and Communication

- Continuous communication with members via email and website information available.
- In person meetings of advise with members and meetings with new members to present the “smoke free hospital” project.
- Information of interest shared via a new Twitter account.

Sharing and Learning Activities

- On line training course available to all the professionals of the hospitals members.
- In person courses available to all the professionals of the hospitals members and primary care.
- Annual meeting of the members of the network presenting future initiatives and topics of interest.
- Participation on the Gold Forum process with two nominated candidates.

Advocate and Collaborate

- Collaboration with other organizations to implement the smoke free perspective in their grounds: e.g. universities, amusement park.
- Participation in working groups to elaborate materials like guides in mental health and protocols that link the intervention with primary care.
