Community Engagement

*World No Smoking Day
 for citizens of Baden, Austria*

- Public awareness about the effects of smoking
- Information about quitting smoking through hypnosis, a free service for interested citizens
- Handed out balloons for visitors to check lung function
- Free apple baskets for city participants, based on the theme, “An apple a day keeps the doctor away”
- Free chewing gum to all participants
- Due to the current pro-smoking laws in Austria, providing information to the public about the harmfulness of smoking is more necessary than ever

Healthy Workplace

Quitting smoking and leading a healthy lifestyle for all employees

- Number of smoking employees has been reduced due to the program and quitting on their own
- Smoking cessation program is free to all employees
- Employees are able to complete the program during work time and in free time (splitting half/half)
- Program with psychologist brought from outside hospital
- Working together with Farmers Health Insurance
- Healthy food offered in work cafeteria
- Nutrition information offered to all employees
