Identify inpatient smokers

Every inpatient was marked according to the smoking status, which was collected via nursing admission assessment.

Ex-smoker	▶		8B27-5	01250468
Current smoker	▶		8B35-3	03325920
Never smoker	▶		9A01-1	00463485

The smoking cessation case managers can identify all smokers within a specific ward. Then the managers provided the smokers with the information of smoking cessation strategies and asked their intention to quit.

Infographic for patients

To discuss with the patient effectively, we designed a fact sheet full of infographics.
